training

What did you do before you started your apprenticeship with Tyne North Training?

After leaving high school I studied engineering for a year before I found this apprenticeship. I also was an air cadet and subsequently gained my love of engineering during my time with them.

Tell us what your typical day on your apprenticeship programme with Tyne North Training is like...

Every day is different and there is something new to learn every day.

What made you opt for an apprenticeship?

And what made you choose Tyne North Training?

After I knew I wanted to become an engineer I looked into the best places in the North East to study engineering and Tyne Met College came up. During my time at the college I was introduced to Tyne North Training who secured me some work experience at a number of companies including my current employer as an apprentice.

What is it about the industry / role that made you want to pursue your apprenticeship with Tyne North Training?

I absolutely love the problem-solving aspect of figuring out how things work and why there is a problem. I also love the hands-on approach to learning as this is how I learn best.
